# Energy inquiry

What questions do you have about energy sources and choices?

Decide on an inquiry question to research. Which question did you choose?

# Plan

Information sources I might use...

How and where I'll record information and sources...

# Investigate

It's time to start your research.

- Record your notes and sources.
- Use the Website Evaluation Guide to evaluate online sources.

# Create

How I will show others what I learned...

# Reflect

What factors may influence someone's choice of which energy source to use?

New questions I have:
