Use of static electricity

Instructions

Do some research, depending on your topic, to understand the role of static electricity. I want the **how** AND **why.** Be sure that you use scientific vocabulary in your explanations. With the information and images/diagrams, create a PowerPoint. Your group will present the information TOMORROW in class. Submit your PowerPoint in Teams please to make it easier.

Possible research topic:

Electrostatic precipitator Electric eel Painting cars Insecticides Photocopier Lightning Refueling an aircraft
