

Middle Level Financial Literacy Kit

Member of
JA Canada

Overview

- This Middle School Resource Package was created to support the new holistic curriculum by integrating hands-on, engaging content from the Centre of Excellence for Entrepreneurship Partners.
- The package is designed to bring relevance to various financial literacy topics in the classroom while increasing engagement and impact.
- The resources provided connect to **Personal Wellness 6-8, Grade 6 Math and Grade 6 Social Studies**. They can also be adapted for additional contexts by the educator.

A woman with blonde hair, wearing a green patterned shirt and a brown leather apron, stands in the doorway of a cafe. She is smiling and looking to her right. The cafe interior is visible behind her, featuring warm lighting and modern decor. A blue arrow points from the text area towards the woman.

Curriculum Connections: Personal Wellness Grades 6-8

- **Strand** - Mental fitness
- **Big idea** - Decision making
- **Skill Descriptor** - Discuss how people earn money, list some significant purchases a person might make, explain borrow, save, and invest money. Identify barriers and risks to responsible financial decision-making.

Discuss How People Earn Money

Meet Mya Beaudry, a young entrepreneur

Saving and Spending Goals - Make it Count

Activity: Financial Literacy Bingo

Financial Literacy Bingo

M	O	N	E	Y
M07 Line of Credit: It's like a "pre-approved" money jar. You can BORROW \$\$\$ as you need, up to a set limit.	O20 Before making a purchase on credit, you should give yourself a cooling off period.	N41 A fixed interest rate stays the same for the entire time you are paying a loan.	E59 When creating a budget, give all your money a job!	Y65 Why do I want it? - Is it important to me or do I want it because everyone else has one?
M15 A credit report is one thing lenders use to decide if they want to lend you money.	O24 The TERM in a credit contract: how long you have to pay back what you borrowed.	N34 Set savings and debt repayment goals and stick to them.	E46 A loan payment structure shows how much you pay and when. Know your schedule!	Y75 Making a budget helps you set limits and live within your means.
M05 Loans come with a fee for borrowing called INTEREST. It's like paying to USE someone else's money.	O30 Always ask if there are penalties if you miss a payment.	FREE SQUARE Visit fcnb.ca to learn more!	E53 Remember when saving \$\$\$: be realistic, set time frames, make a plan, be flexible - goals can change!	Y74 Budgeting is about planning how to spend the money you earn.
M02 FOMO = Fear of Missing Out!	O19 In Canada, the main credit reporting agencies are Equifax and TransUnion.	N39 Once you sign a credit agreement, it's a legal contract! Make sure you understand it all before signing.	E60 A fixed expense is something you have to pay regularly and the amount is often the same (like rent).	Y68 Track expenses for a few weeks to see where your money goes.
M03 How credit cards work: card company or lender pays for your items right away, and you pay them back.	O25 The TOTAL COST OF CREDIT: includes ALL FEES like tax, interest and sometimes insurance costs.	N35 Remember the GISS Method: Giving, Investing, Saving & Spending	E51 If you don't have the funds to cover a pre-authorized payment, you may be charged a fee.	Y72 FCNB is New Brunswick's financial and consumer services regulator.

Financial and Consumer Services Commission of New Brunswick

This Bingo card is provided for information purposes only. The Commission does not provide financial or legal advice, or endorse any products or services.

FCNB introduces *Financial Literacy Bingo*—a fun, interactive way for middle school students to learn about financial literacy!

Perfect for the classroom, this game will get students thinking critically about managing money while having fun.

FINANCIAL LITERACY

Credit Cards and Bad Debt Vs. Good Debt

Case Study: Credit Cards

Reckless Rhonda has just finished her first day at college and has arrived home to a number of credit card offers. Of course, Rhonda is thrilled. Finally, she can shop 'til she drops!

Her parents do not want her to have any credit cards. Rhonda thinks this is unfair. She has always had a part-time job. They do not understand why she needs a credit card at this age and worry when they know her favourite activity is hanging out at the mall and shopping online. Until now, when Rhonda wanted to buy something online she needed her parents to review the purchase and the website she was purchasing from before they provided the essential credit card information to finalize the purchase.

Rhonda is your friend. Help her understand credit cards and decide if she is ready for one.

Group Task

Questions:

1. Is it alright if Rhonda only pays the minimum balance owing on her credit card?
2. Are there any kinds of expenses you think Rhonda's parents would not mind her using her card for?
3. If Rhonda needed cash should she take a cash advance on her credit card?
4. If Rhonda's best friend asked to borrow her credit card should she let him?
 - Is the answer different if it is her boyfriend of three years and it is to renew his online gaming subscription and he says "text me" the PIN number?
5. Rhonda can't think of a password for her card? Should she use her birthday?
6. Rhonda thought she would impress her parents because she had heard about a card with a low interest rate offer? Do you think that is a good idea?

Math: Add, Subtract, Multiply and Divide Decimals to Solve Problems
