

Newsletter

The Centres of Excellence team has been busy this fall, providing new opportunities to New Brunswick schools, teachers and students. As we look to the New Year, we want to share a few updates:

Website: The COE Energy site launched in September and has been accessed by almost 1200 N.B. users. We have created content for the COE Health and COE Entrepreneurship and look forward to launching these sites. We will also launch our Speaker Series page, which will feature presentations from industry professionals with supporting activities and resources for classrooms.

School visits: We have been fortunate to work with a number of schools, from K-12, and would love to visit your staff to give a brief overview of the Centres of Excellence model. Additionally, our leads are always excited to visit classes and learn how they can support the work teachers are doing.

Please reach out to COE@gnb.ca with questions, feedback, or to arrange a visit. We look forward to connecting with as many schools, teachers, and students as possible in the New Year!

Wishing you a safe and happy holiday season from our Centres of Excellence family.

Upcoming Events

EVERFI Presentation,
January 20th, 3:45-4:15pm

Join our local EVERFI Implementation Manager, Melissa Ketch, for an overview of these no cost resources you can use with your students. EVERFI's resources cover topics like health and wellness, STEM, career and college readiness, financial literacy, early learning and more. [Click here to join the meeting.](#)

Live Presentation on Respect and Diversity for Middle and High School students
January 27th, 10:30 – 11:15 am.

[Linda Morehouse](#) is a workshop facilitator for World of Wisdom, a mindfulness instructor, and certified Emotional Freedom Technique (EFT) practitioner. Linda will be presenting on Respect and Diversity which offers students an understanding of biases, and an opportunity to recognize and resolve personal biases. [Click here to join the meeting.](#)

Recorded Webinars

Renewable Energy Week Webinars
Following a successful week of presentations organized in partnership with The Gaia Project and EOS Eco-energy, all webinars have been recorded and posted to the [Centres of Excellence website](#). Thanks to all who attended and participated!
